

Nova 3[®] Respirator

Unrivalled Comfort

Protecting you for life's best moments.

Nova 3[®] Respirator

Unrivalled Comfort

Protecting you for life's best moments.

The Nova 3[®] revolutionizes the abrasive blasting experience with the world's most comfortable blasting respirator. With breakthrough technology and comfort, the Nova 3 has been designed around the operator's needs to advance their safety and productivity.

Visibility has been at the forefront of the Nova 3 design process. With the unique cassette lens system, you can experience an optically clear field of view at all times. The superior operating window optimizes peripheral vision and allows for 30% more downward vision than other respirators on the market.

The ratchet padding system provides a customizable fit and molded side pads absorb sound, protecting against hearing loss. Its unique helmet design distributes weight evenly across your head and shoulders, keeping the center of gravity low, eliminating top heaviness, and relieving you from aches and strains on your neck.

All parts are field replaceable to minimize downtime and the padding system is machine washable for hygiene purposes.

The Nova 3 is certified to the standards below:

NIOSH
APPROVED

SAR TYPE CE / PAPR TYPE C

Z89.1
HARD HAT PROTECTION
Type 1 Class C

Z87+
EYE & FACE PROTECTION

Boost Productivity

Our cassette lens system enables you to easily tear-off the outer lens when your view becomes obstructed, significantly reducing your downtime.

Streamlined air deflection system distributes air across your breathe zone and across the lens to prevent fogging.

Bellow seal creates a complete barrier to dust and particulates.

Widened perspective provides optimal downward and peripheral field of view.

Tear-off lens system to ensure you always have a clear visor when operating. Cassette lens system available to further increase productivity.

Tough helmet shell, manufactured from robust engineering grade nylon offers ANSI Z89.1 (EN397) certified hard hat protection.

Ratchet system and adjustable molded side pads to help create a secure, customized fit.

Large, glove sized latch that is easy to locate and use.

Removable visor for efficient lens replacement.

Cape is securely attached with eight snap fasteners.

**MADE
IN THE USA**

*From local & globally sourced components.

Nova 3[®] Respirator - Packages and Parts

Unrivalled Comfort

Part # NV3-702-50

Nova 3[®] Blast Respirator with Flow Control Valve

- Flow control valve
- Nylon cape
- SAR breathing tube.

Part #NV3-703-50

Nova 3[®] Blast Respirator with Cold Air Tube

- Cold air tube assembly
- Nylon cape
- SAR breathing tube.

Part # NV3-704-50

Nova 3[®] Blast Respirator with Hot Air Tube

- Hot air tube assembly
- Nylon cape
- SAR breathing tube.

Part # NV3-705-50

Nova 3[®] Blast Respirator with C40™ Climate Control

- C40™ climate control device
- Nylon cape
- SAR breathing tube.

Nova 3[®] Accessories

Part # 03-501
C40™ Climate Control Device

Part # 07-701
GVS-RPB[®] Leather Gloves

Part # 07-755 -
(S, M, L, XL, XXL, XXXL, XXXXL)
GVS-RPB[®] Heavy Duty Blast Suit
Available in sizes S-XXXXL

Part # 07-761
GVS-RPB[®] Knee Pads
Pair.

Part # 09-502
L4™ Blast Light Assembly*
US power connections.

Part # 09-903
Nova 3[®] Talk™ In-Helmet
Communication Upgrade Kit*
Radio adaptor sold separately.

Nova 3[®] Consumables

Part # NV2021B
SAR Breathing Tube

Part # NV3-722
Inner Lens
(pk 10)

Part # NV3-722-T
Inner Lens - Tinted
(pk 10)

Part # NV3-724
Outer Lens
(pk 50)

⚠ WARNING PRODUCT SELECTION

- 1. Determine what type of protection is required for your activity.** As applicable, check your workplace safety program, respiratory protection program, and standards and regulations for your activity or industry.
 - 2. Check product specifications.** Contact GVS-RPB® or check the product instruction manual (downloadable from gvs-rpb.com) for complete specifications, including approvals, standards, and regulations to which the product conforms.
 - 3. Make sure you have a complete system.** Verify that you have or are purchasing all required components. System requirements are available from GVS-RPB® or in product instruction manuals.
- Selecting inappropriate or incomplete equipment, including the use of counterfeit or non-GVS-RPB® parts, can result in inadequate protection and will void the NIOSH approval of the entire respirator.**
